3. Budget: Discussion and review of each item on the 2020/2021 budget was held-line by line and adjustments made. Jaimie brought forward some proposals for funding in a few areas for the upcoming school year. There are floor decals that are used in schools with each decal having a different activity/action students can complete. These will be placed in the hallways and allow students to get up and out of the desks to do some stretching and a mental break. There is also a sensory room located in the school, Jaimie has asked if parent council will fund the purchase of a bubble lamp to be placed in this classroom to help students. Parent council approved both of these requests.

A proposal was made to fund the purchase of Chrome Ipads to be mainly used for the excellence program and used throughout the school where needed when excellence is not using them. Parent council has decided to use half of the playground fund to purchase these for the school.

4. Fundraising: Fundraising for this year has started with the Growing Smiles Christmas Plant Fundraiser. Parent Council has decided that we will continue fundraising in the new year with a Valentines Day raffle, Big Box of Cards and Spelling Bee.
